

## OUR STRATEGY

1. **Train pastors**
2. **Help start small businesses**
3. **Mentor the next generation**

## WHY IS POSSIBILITIES AFRICA DIFFERENT?

- **WE DON'T GIVE HANDOUTS**

We teach responsibility and accountability instead of handouts or charity, calling people to rise up and take responsibility for their families and villages.

- **WE DON'T FIND A PROBLEM TO SOLVE AND IMPOSE OUR SOLUTIONS ON AFRICANS**

This may be the single greatest difference in our ministry. When PA gets involved, we allow the people to define their problems for us. After they define the problem, we work with them to find the solution that works best for them.

- **WE ARE AFRICAN LED**

Our staff is committed to serving and seeing change in their homeland (104 communities in Kenya, Malawi, Rwanda, Tanzania, and Ethiopia). Knowing the language and culture is a huge advantage when recruiting and training pastors. Operational decisions are made in Africa by Martin Simiyu and his team.

*The WHOLE Gospel,  
impacting the  
WHOLE person,  
transforming  
the WHOLE community*

We all have opportunities to make a difference in this world. However, our time, talent and resources are limited so how do we use them best for God's glory?

In Matthew 28:18-20, Jesus tells us to "make disciples of all nations." If we are not called to "go" then we need to be a part of sending. But who do we support? Asking the tough questions is the starting point to finding a solution.

## THE TOUGH QUESTIONS

Why has Africa not seen significant change despite billions of dollars of aid provided over the years?

What would it take to see those in poverty do more than just survive? What if they could truly thrive?

## THE ANSWER

A catalyst is needed to move them from mere survival to true flourishing. In the midst of their shattered lives, PA has found that the answer is HOPE.

PA is dedicated to rebuilding hope by helping people realize they have the power to transform their lives, villages, and country. Not hope in someone to give them another meal or some other handout, but hope that can only be found in Jesus Christ. That alone provides the changes that include not only the material things, but also their mental, cultural, socio-economic and spiritual needs as well.

The hope we provide is the spark that allows Africans to see a future and believe they can achieve it for themselves without the handouts of outsiders. With that, they move from mere survival to living the abundant life promised in Scripture.
